

Workshop 10-IPCHS 16-18 August, 2014

Location: University of Adam Mickiewicz, Umultowska Street 89, Morasko Campus, Poznań, Poland

(Oval Aula Department of Biology and Department of Physics, AM University)

Saturday, August 16

	Speakers:	Lectures titles
d		
9:00 - 12:00	Professor Stefan JURGA - (Department of Physics, AM University, Poland)	<i>Biophysical method for study of plants material (NMR, EPR, X-ray diffraction)</i>
12:00 - 13:30	LUNCH	
13:30 - 16:00	Professor Rajeev ARORA - (Iowa State University, USA)	Experimental approaches to study cold hardiness biology
16:00 - 16:30	Coffee break	
16:30 - 20:00	Professor Andrzej PACAK - (Faculty of Biology, AM University, Poland)	Real-time PCR applications in gene expression studies

Sunday, August 17

9:00 - 12:00	Professor Karen TANINO - (University of Saskatchewan, Canada)	Impact of climate change on crops and frost avoidance
12:00 - 13:00	LUNCH	
13:00 - 14:30	Visiting of the Morasko Meteorite Nature Reserve (4 km from University Campus)	
14:30 - 18:00	Professor Matsuo UEMURA - (Iwate University, Japan)	Responses of the plasma membrane to cold

Monday, August 18

18:00 - 19:00	Professor Seizo FUJIKAWA (Hokkaido University, Sapporo, Japan)	?
19:00 - 20:30	Professor Rajeev ARORA (Iowa State University, USA)	?
